**TOWN OF GOSHEN**  
**The State of New Hampshire**  
**THE POLLS WILL BE OPEN FROM 11 A.M. to 7:30 P.M.**  
**Town Meeting Will Begin at 7:30 P.M.**

To the inhabitants of the Town of Goshen in the County of Sullivan in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Goshen Town Hall in said Goshen on Tuesday, the 13th day of March, next at 11 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.
2. To see if the Town will vote to adopt the Optional Adjusted Exemption (RSA 72-43-h) as printed on the ballot: "Shall we adopt optional elderly exemptions from property tax? The optional exemptions based on assessed value, for qualified taxpayers shall be as follows:  
For a person 65 years of age up to 75 years, \$20,000;  
for a person 75 years of age up to 80 years, \$30,000; for a person 80 years of age or older, \$40,000. To qualify, the person must have been a N.H. resident for at least five years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least five years. In addition, the taxpayer must have a net income of less than \$10,000.00 or if married, a combined net income of less \$12,000.00 and own net assets of \$50,000.00 excluding the value of the person's residence."
3. To receive the reports of the Town Officers of Goshen and take any necessary action thereon.
4. To see if the Town will vote to authorize the Selectmen to borrow money in the form of Tax Anticipation Notes in the Anticipation of Taxes.
5. To see if the Town will vote to raise and appropriate Ten Thousand Dollars (\$10,000.00) to interest more people to the office of Selectmen. This sum to be broken down as follows:

(per official tax rate letter)

RSA 76:11 provides for delivery of the list (warrant) to the collector within thirty days of receipt of approval of the tax rate unless for good cause the time is extended by the department. The collector shall within thirty days after receipt of the warrant from the selectmen (assessors) send out the tax bills unless for good cause the time is extended by this department.

RSA 76:11-a Information Required. The tax bill which is sent to every person taxed, as provided in section II, shall also show the assessed valuation of all lands and buildings for which said person is being taxed. The 1989 rate breakdown reflects appropriate share of the Reimbursement a/c Property Exempt by 1970 Special Session for each unit of government.

RSA 76:13 provides that interest at 12% per annum shall be charged upon all taxes except resident taxes not paid on or before Dec. 1, except that in the case where a tax bill was sent to a taxpayer on or after November 2 and before April 1st, interest shall not be charged until 30 days after the bills are mailed. The collector shall state on the bill the date from which interest will be charged.

The tax bill which you mail must contain the date from which interest will be charged and this date is determined by the date you send the last bill on the list committed to you. RSA 76:13 also requires that you notify this department in writing of the date on which you send the last bill. There is enclosed a form for this purpose.

## **GOSHEN PLANNING BOARD 1989 REPORT**

The Planning Board, this past year, has reinstituted Cluster Zoning in the Town of Goshen. The Board, after considerable work by all of its members, established new subdivision regulations to set guidelines relating to Cluster Subdivisions for Developers.

Planning Board members attended two training sessions put on by the State of New Hampshire.

The Planning Board has held one meeting with the Upper Valley Lake Sunapee Council in order to institute a Capital Improvements Plan in our Town to budget out future capital needs over a period of years, we hope to have a plan completed within the next twelve months.

The majority of Planning Board expenses are paid by the Subdivider. However, by State law, the Town must appropriate enough monies to cover anticipated checks that the Town Treasurer will have to write. These checks are offset by receipts from the developer.

The Planning Board anticipates the finalization of Plats for two Major Subdivisions this year in our Town. Both are planned as Phased Developments over a period of years.

The Planning Board meets on the first and last Tuesday of each month in the Town Hall. Everyone is invited to attend.

Respectfully submitted,  
Patricia Dazet, Chairman

## GOSHEN FIRE DEPARTMENT REPORT

### 1989

In 1989 your Fire Department answered 29 calls with 213 men responding. Records show 418 hours of fire related service to the town and 882 hours contributed to cleanup, training and meetings. All fire department funds are spent for service and equipment. No firefighter receives pay for work on equipment, training or firefighting.

Fire calls for help were as follows: Structure fire 3, Chimney fire 3, Dump 3, Brush 2, Auto accident 1, Rescue 2, Wires, Trees down on wires 6, Alarm sounding 3, False alarm 2, Vehicle fire 1, Mutual aid 3.

NOW! As I reported to you last year there are 10 different agencies answering the phone for emergency services in Sullivan County. This tends to confuse the public and compound communication problems within the emergency services. I urge everyone to support a County sponsored DISPATCH CENTER. This will be one of the best tools you can give your emergency services to help you with. Just imagine, one number to call (911 ?) from anywhere in Sullivan County and the phone will be answered by a dispatcher trained to get the information he or she needs from the caller to send the proper assistance for any emergency. FIRE, POLICE, AMBULANCE, HOSPITAL, all from one desk.

Some of our costs will not show in our report this year because we waited for end of the year sales and purchased some expensive equipment at sale prices.

Through the the years citizens have made cash donations, sometimes in memory of loved ones. This money is used to purchase training aids and special equipment unless otherwise specified by the donor.

Our annual auction, and other fund raising activities earned \$1,500 (net) for our equipment fund. Please remember we pick up year round for the auction so give us a call at 863-2055 or 863-3143 if you have something to donate.

It will be some time before we are in compliance with N.F.P.A. 1500. (municipal version of O.S.H.A.) It is required by law and we are taking steps in that direction.

Please remember, to report a fire in Goshen dial 542-5155. For burning permits call Forest Warden Arthur Nelson at 863-1509. For all other Fire Department business call 863-2055 or 863-3143.

My sincere thanks to the officers and firefighters of the department for their many hours of work and participation, a special thanks to the wives and families for their patience and understanding, and to the dispatchers, auction crew, town officials and to the citizens and taxpayers for the help and cooperation given to make the Goshen Volunteer Fire Department a very effective service to the community.

Respectfully submitted,  
Edwin I. Baker, Chief

*"Whatever Americans are proud of, whatever they consider to be particularly good, useful, brilliant, or characteristic of themselves, they designate, half in jest, though scarcely half in earnest, as an institution. Thus the memory of George Washington is an institution, the falls of Niagara are an institution, the Plymouth Rock, on which the Pilgrims first set foot, is an institution, Bunker Hill is an institution, and the Volunteer Fire Department is a great institution."*

# REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, children and debris burning fires that escaped control. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27b), "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material, except when the ground is covered with snow, **without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.**"

Violations of RSA 224:27 and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for paying all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989 including several large fires in Allenstown, Alton, Chesterfield, Concord areas, as well as the 100 acre fire on Mt. Belknap in Gilford.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

## **LIBRARY TRUSTEE'S REPORT**

**1989**

The Trustees of the Olive G. Pettis Library held meetings on the second Monday of each quarter in 1989 to conduct the business needs of the library. Viola Wright serves as chairman of these.

Treasurer, Phyllis Baker noted that \$556.40 was spent on new Books and magazines in 1989. Among these were a novel by Marguerite Allis, "Not Without Peril" which dealt with N.H./Vt. history through the eyes of Jermina Tute during days of the French and Indian Wars, and captivity of herself and children into Canada. Mrs. Tute is buried in Vernon, Vermont.

Librarian, Rev. Ronald Whitney noted 562 adult books borrowed, and 80 children's. Seventy-six persons are registered borrowers. The library has 10 magazine subscriptions for the use of borrowers.

The Trustees gave their usual help to the Friends of the Library with their annual Book Fair, scheduled for June 24, 1989.

The Trustees recommended that they appropriate \$4,000.00 from the Town for 1990 financial needs.

Respectfully submitted,

Secretary

## **NEWPORT AMBULANCE DEPARTMENT**

**1989 REPORT**

Newport Ambulance wishes to thank the citizens of Goshen for their support in 1989. We also wish to express our appreciation to the Goshen Police and Fire Departments for their highly professional assistance.

In 1989, Newport Ambulance responded to 28 calls for service in the Town of Goshen. This figure included 23 emergencies; 1 call for standby fire coverage; 3 non-emergency transfers and 1 call which was cancelled while en route, after confirming no injuries at a motor vehicle accident.

Goshen's 1989 call volume is up 40% from the 20 responses in 1988. Overall, Newport Ambulance showed an 18% increase in response volume, from 743 calls, in 1988 to 879 calls in 1989.

The members of Newport Ambulance remind you that CPR saves lives, but time is the key factor. We urge everyone in the community to enroll in a CPR program. A few hours, once a year, can help save a life.

Brian W. Tracey,  
Director

**CONSERVATION COMMISSION**  
**1989 REPORT**

The regular meetings of the Goshen Conservation Commission are held at the Firehouse on the fourth Wednesday of each month at 7:30 p.m.

Proposed subdivisions, dredge and fill operations, and other matters that might affect ENVIRONMENTAL qualities of Land and Water, are scrutinized and discussed. Also considered at these meetings are possibilities of improving the Gunnison Lake and Williamson Park area, to provide better recreational use of the facility by local people

In the past summer bluebird and wood duck nesting boxes were installed in co-operation with the Cub Scout Troop.

## UPPER VALLEY — LAKE SUNAPEE COUNCIL 1989 REPORT

The Upper Valley Lake Sunapee Council is a public, non-profit voluntary association of towns and cities. It consists of 28 communities in New Hampshire and 3 in Vermont, and includes towns in 5 counties.

The Council operates through a Board of Directors and has a professional staff. Each town or city annually appropriates funds for the Council's operation and sends two or three representatives to participate on the Board of Directors. The Board elects officers, adopts an annual work program and budget, and develops policies and positions on issues that are important to our communities.

The Upper Valley Lake Sunapee Council is officially designated by both states as the organization that brings towns and cities within the region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of expertise include land use planning, transportation planning, solid waste planning, master planning, environmental planning, capital budgeting, impact fee studies, historic preservation, economic and community development, housing, downtown revitalization, fiscal and environmental impact analysis, and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our "circuit rider" program. The Council also serves as a collective voice in dealings with state and federal governments, protecting and furthering the interests of our communities.

Your support enables the Council to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, the Council:

- Provided consultation and help to 29 out of 31 member communities.
- Obtained, installed, debugged and started to use a Geographical Information System (GIS). This included staff training, work for Lebanon and Lyme using existing computerized information, and starting to assemble a regional database for computer mapping. We were the first regional planning commission in New Hampshire to obtain USGS 1:100,000 scale mapping. We are also working in cooperation with the State of Vermont to obtain complete computerized base mapping for our Vermont towns.
- Developed and promoted a consistent land use classification system for both New Hampshire and Vermont to use in GIS mapping.
- Met repeatedly with state officials and agency representatives to influence policy and help keep the region an active participant in many ongoing programs.
- Maintained a library of regional data, and answered numerous requests for information.
- Developed open space and housing elements for the Regional Plan. This included sending open space questionnaires to all communities, and tabulating and mapping the results using the GIS. A regional fair share analysis for affordable housing was developed.
- Reactivated the NH Upper Valley Solid Waste District, sponsored a number of meetings of the District, interacted with the State of New Hampshire regarding approval of the District plan, and worked toward implementation of regional solid waste solutions where appropriate.
- Made available the services of a recycling coordinator to New Hampshire towns. In cooperation with Lebanon, applied for and obtained a \$25,000

grant toward a regional processing center for recycled materials.

- Continued to administer the Upper Valley Household Hazardous Waste Collection program.
- Completed historic district nominations in Thetford, Norwich, and Cornish.
- Completed a number of Water Quality Management Plans for inclusion in town Master Plans under NH Chapter 167.
- Continued to provide support for an economic development agent in Sullivan County, to help retain and expand employment opportunities in the area. 1989 marked the fourth and last year of our start-up effort for the Sullivan County Economic Development Commission. This highly successful organization will become administratively independent in 1990, and financially fully independent in 1991.
- Participated in a statewide dialog regarding Impact Fee legislation during the legislative session in New Hampshire.
- Sponsored local sessions of the NH Municipal Law Lecture series.
- Administered a number of Community Development Block Grants. These grants have brought several million dollars worth of rehabilitation and municipal improvement funds into the region during the past few years. Only 2 of the 9 regional planning agencies in New Hampshire provide this service.
- Presented the Upper Valley Transportation Study to Boards of Selectmen in several communities.
- Used the computer model developed during the Upper Valley Transportation Study to assess the traffic impact of several large proposed development projects, and to assess the impacts of changes to the roadway network.
- Established a Transportation Coordinating Committee at the request of the New Hampshire Department of Transportation. This group met throughout the year, and was able to establish regional priorities for transportation improvements. The priorities were presented to the Governor's Highway Advisory Council.
- Provided technical assistance to Advance Transit and County Coach.
- Completed a comprehensive study of public transportation in the region.
- Provided extensive support to our Vermont towns for Solid Waste District formation, in cooperation with the Two Rivers Ottauquechee Regional Commission. We also worked toward fulfilling our other responsibilities under Act 78, Vermont's solid waste law.
- Complied with applicable Act 200 requirements at the local, regional, and state level, including participation in the Council of Regional Commissions.
- Participated in review of Act 200, the new comprehensive planning legislation in Vermont, including legislative strategy sessions.
- Participated in the Vermont Act 250 environmental review process for a number of regionally significant projects.
- Sponsored local sessions of the VT planning training series.
- Worked closely with the Upper Valley Land Trust, Society for the Protection of New Hampshire Forests, the Trust for the New Hampshire Lands, and the Connecticut River Watershed Council to protect open space and conserve important parcels of land.
- Continued to participate in, and support the Connecticut River Valley Resource Commission. This commission allows New Hampshire towns in

the Connecticut River Valley to join together in addressing issues such as growth, development, and preservation of the natural environment.

- Co-sponsored and participated in the "Bridges for Tomorrow" conference, together with the New Hampshire and Vermont Connecticut River Commissions. This conference developed goals and recommendations for the future of the Connecticut River Valley.

The Upper Valley Lake Sunapee Council also provides specific services to communities on a contract basis. As requested by the communities, the Council conducted impact studies regarding proposed development, amendments/updates to local ordinances and regulations, new ordinances, capital improvements programs, and general mapping drafting, and other technical assistance.

The Upper Valley Lake Sunapee Council looks forward to serving your community during the coming year. Please feel free to contact us whenever we can be of assistance.

You are hereby notified to meet at the Goshen-Lempster Cooperative School Gymnasium in Lempster the 17th day of March, 1990, at 3 o'clock p.m. to act upon Articles 1, 2 and 3, the meeting to be recessed and opened again at 7 o'clock p.m. to act upon the remaining articles in the warrant. (Articles 4 through 10)

**ARTICLE 1.**

To choose a moderator for the ensuing year.

**ARTICLE 2.**

To choose a member of the school board from Lempster for the ensuing five years.

**ARTICLE 3.**

To choose an auditor for the ensuing year.

**ARTICLE 4.**

To hear reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

**ARTICLE 5.**

To see if the district will vote to no longer provide and fund the class of Kindergarten. (This article is included by petition.)

**ARTICLE 6.**

To see if the district will vote to raise and appropriate the sum of \$1,535,000 as recommended by the school board, for the support of the schools, for the payment of salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of available income estimated at \$212,129.

**ARTICLE 7.**

To see if the district will vote to raise and appropriate the sum of \$50,000 as a deficit appropriation to the 1989-90 budget for the purpose of meeting the unexpected additional cost of Special Education and heat.

**ARTICLE 8.**

To see if the district will vote to raise and appropriate a sum of \$25,000 for the support of additional instructional personnel to deal with increased number of students.

**ARTICLE 9.**

To see if the district will vote to raise and appropriate the sum of \$15,002 for the support of a half-time guidance counselor.

**ARTICLE 10.**

To see if the district will vote to raise and appropriate the sum of \$5,587 to increase the time of the school nurse from one-fifth to half-time.

**ARTICLE 11.**

To see if the district will vote to raise and appropriate the sum of \$5,540 to increase the school secretary's time from part-time to full-time.

**ARTICLE 12.**

To see if the district will vote to have the high school students educated in the Goshen-Lempster school and authorize the School Board to use the high school tuition money in the budget for this purpose. (This article is submitted by petition.)

**ARTICLE 13.**

To see if the district will authorize the school board to apply for, accept and expend, without further action of the School District Meeting, money from any source which becomes available during the fiscal year, as outlined under RSA 198:20-b, provided that (1) such money is used for legal purposes for which a school district may appropriate money. (2) the school board holds a public hearing on the expenditure of such money before it is expended, and (3) the expenditure of such money does not require the expenditure of other school district funds.

**ARTICLE 14.**

To transact any other business that may legally come before this meeting.  
Given under our hands at said Lempster this 21st day of February.

## PRINCIPAL'S REPORT

1989

On the morning of September 7, two hundred twenty bright and cheery faces presented themselves at the main door of the Goshen-Lempster Cooperative School. There was an aura of excitement and curiosity stimulated by the overwhelming presence of the new addition. Initially, only four of the new classrooms were occupied. As everyone began to settle into their routine, the novelty started wearing off, and the pride of the staff and the student body began to strengthen. Student and staff morale was at an all time high and growing. Gradually, additional space of the new building was occupied; it was wonderful to have the room for activities and for lunch.

There were a number of events associated with the school over 1989. Some of those events were:

- January** A representative from Public Service presented a program on electrical safety to Ms. Bradeen's second grade and Ms. Lord's fourth grade classes.
- February** Ms. Thackaberry's seventh and eighth grade gym classes went for a day of cross-country skiing at the Norske Touring Center (funded by the PTC).  
Two Goshen-Lempster Eighth Grade students placed among the top three in the Daughters of the American Revolution American History Essay contest. Nathan Montgomery was second with his "One Man's Influence" on Thomas Jefferson, and Lauren Winterholer was third with her the "The American Dream Through the Eyes of John Hancock".
- March** Ms. Thackaberry's third and fourth grade gym classes spent an afternoon of bowling in Newport (sponsored by the PTC).
- April** Ms. Thackaberry organized two P.E. field trips that were partially funded by the PTC:  
Grades 5 & 6 - Rollerskating (Enfield)  
Grades 1 & 2 - Swimming (Lebanon)  
On the morning of April 19, a groundbreaking ceremony was held to celebrate the beginning of construction of the new school addition. In attendance were the student body, the staff and many members of the community. A special community member, Mr. Horace Cargin, was lauded for his generous gift of approximately twelve acres of land to the Goshen-Lempster School District.
- May** Mr. Ekstrom's fifth grade and Ms. Wells sixth grade classes conducted a field trip to the Museum of Science in Boston.  
Ms. Maxfield's third grade class and Ms. Pedley's Resource Room students spent a day at sea on a Whale Watch.
- June** Everyone enjoyed a day of field events on a Field Day organized by the staff just prior to the closing of school for the summer.  
Eighth Grade graduation was held at the Lempster Town Hall on the evening of June 19, possibly the last time it will be held outside of the school. Christine Hurd was the class Valedictorian; Joshua Janicke was the class Salutatorian; and Lauren Winterholer received Third Honors. School Board Chairman John Fabrycky issued diplomas, and the Reverend

Lillian Warner gave the Invocation and the Benediction. A reception was held at the Lempster Grange Hall. Refreshments, flowers, and the graduation cake were provided by the PTC.

## **Summer**

A European workcamp consisting of sixteen college students and professionals from England, Estonia, France, Bulgaria, and the Soviet Union spent the last week of summer vacation assisting the staff in getting ready for the opening of school. They painted, cleaned, moved furniture, and did ground work. The Europeans lived at School Board Chairman Ted LeClair's house for the week.

## **September**

The new school year started with two new teachers joining the staff, Ms. Sharon Parsons (Grade 3) and Ms. Nancy Bronder (Grade 7 & 8 Science and Math). A familiar face returning to help out with janitorial duties on a part-time basis was Charles (Bud) Newton.

Ms. Rita Purmort provided the PTC with a \$1,000.00 donation toward the Playground Building Fund in memory of her husband Richard Purmort.

The Eighth Grade Class, under the direction of class advisor Ms. Patrice Brewer, kicked-off their fund raising for the year with a magazine sales campaign and a car wash. The students also began a school wide year book project. The dollars earned go toward funding an end of the year class trip.

The teaching staff began formalizing the Language Arts curriculum into a written statement. As of last Spring, the Language Arts development process was completed, and the materials were selected. By next September, the curriculum focus will be on Mathematics.

## **October**

The students began a five month reading incentive program called **BOOK IT** which is designed to motivate students to read more, at home and at school. Weekly and monthly reading goals are set; the student who reaches his/her goal is rewarded with a free pizza certificate.

Ms. Bradeen's second grade students held a career day presentation for their parents. The program consisted of each student donning a costume of their parent's trade and role playing the part.

On the evening of October 5, Ms. Williams and her transitional first and first grade students held a potluck dinner for the students' parents at the school. The dinner was a huge success, allowing everyone to get acquainted, to view the students' work, and to maximize parent/teacher communication.

On the afternoon of October 31, the students and staff participated in costume Halloween parade on the school grounds. Many parents were in attendance to witness the event.

## **November**

This year's Open House, November 16, had a record number of people in attendance. Teachers and parents visited and discussed classroom activities. Present were many other townspeople, anxious to see the new addition. The Eighth Grade Class provided refreshments.

Ms. McGinnis held a Library Book Fair which gave everyone the

opportunity to purchase quality books for children of all ages. The Fair raised over \$400.00 for the purchase of library equipment.

The PTC concluded two fund raising activities (Christmas catalog and Thanksgiving basket) which contributed a total of nearly \$3,000.00 toward the Playground Building Fund.

## December

On the evening of December 15, Ms. Gates and her music students presented a Holiday Assembly for parents and friends. The uniquely creative program was enjoyed by over four hundred people in the new gymnasium.

Lempster Fire Chief Phillip Tirrell delivered poinsettias and artificial Christmas trees to all of the classrooms. The much appreciated gift from the Lempster Fire Department was a gesture to (in the words of Chief Tirrell) "help create a more joyous atmosphere for both the students and teachers at our school".

The growth rate for the school (in terms of population, structural changes, and curriculum demands) has been incredible. The process of growth, although difficult, has been eased by the support and hard work of the quality personnel associated with the Goshen-Lempster School. The teaching staff and the support staff have been creative, innovative and completely flexible throughout the inconvenience of construction. The School Board has been both responsive and responsible in answering the needs of the Goshen-Lempster School. Superintendent Sokul, who is retiring in January 1990, spent his last year in office as the key agent in guiding us through the process of the building bond issue (we will certainly miss him). Members of the community, the PTC, and even the Goshen-Lempster Boy Scouts all pitched in to get the school ready for opening in September.

The past year has been one laden with growing pains for the school and the community. The school is the focal point of the process for it is immediately affected by the increase in population. Growth is always painful at the outset, but following the period of growth is a period of new and greater strength. The Goshen-Lempster Cooperative School is better than it ever was. It is an attractive facility with a caring and articulate staff. It is a school that the staff, the students, and the citizens of the community can be proud of.

Respectfully submitted,  
John Bonfiglio  
Principal

## REPORT OF THE DIRECTOR OF SPECIAL EDUCATION

The Goshen-Lempster Cooperative School District works to provide an appropriate special education program to every student between the ages of 3 and 21 who resides in the district and needs such services. When a student is referred as a possible candidate for special education services, our local team of regular and special educators decides if further information is required, and, if necessary, carries out an evaluation plan. If a student is found eligible for special services, then an Individual Educational Plan is developed in cooperation with parents and the school team. Later, the same people are involved in deciding where the educational program can best be carried out.

Our first priority is to try to educate every student within our neighborhood schools whenever possible. We attempt to provide support to regular class teachers so that educationally handicapped students can be mainstreamed to the greatest extent. Most schools in School Administrative Unit (SAU) #43 have resource rooms that assist students in their difficult subject areas. Some schools have special "self-contained" programs working with students who require small classes, special groupings, or special curriculums. Some students may be mainstreamed in regular classes with the help of an individual aide. Other students may have to be enrolled in out-of-district programs operated by the SAU, other school districts, or private providers.

Special Education is a serious decision to make about a young person. We want to make sure that only students who really require such services get such services. We also want to be sure that students who get special education services receive them in the most natural, least restrictive, and neighborhood setting it is possible to provide. Most of the time, we reach this goal in a reasonable manner. Sometimes the unique needs of the student require that placements out of neighborhood be found. For these students, our goal is to bring them back to local programs as soon as possible.

In the future, we will see more locally situated programs for students with special educational needs. Regular class teachers will become more involved in learning how to deliver educational services to special needs youngsters right in our classrooms.

The success of our special education programs depends upon the ability of special and regular class teachers, parents, and special service providers to work together to develop good educational plans and to carry them out. For the most part, we see this happening in the Goshen-Lempster Cooperative School District. We are working hard to meet the federal mandate of a free and appropriate public education for every educationally handicapped student!

Arthur G. Jillette, Jr.  
Director, Special Education
